

The New American Pond

'Green Solutions for Water Pollution'

Wetland Carpet (Shoreline Plantings)

Wetland carpets are shipped to you pre-planted and rooted out. Allow approximately six weeks lead-time for the grow out period. Wetland Carpets can be used to best effect on eroding shorelines and even lake or tidal beaches. Use stakes to secure in place. Specify the plant material. The advantages to using Wetland Carpet over traditional shoreline plantings are as follows:

- ◆ Erosion control
- ◆ Weed Control
- ◆ Increased success (visual impact)
- ◆ Cost effective (less labor)

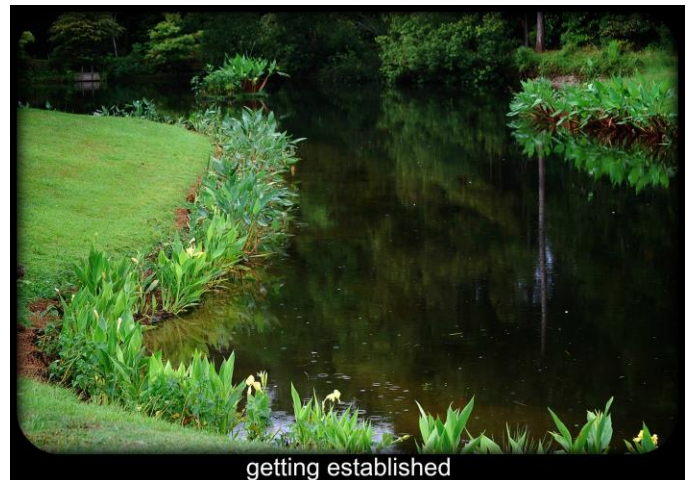

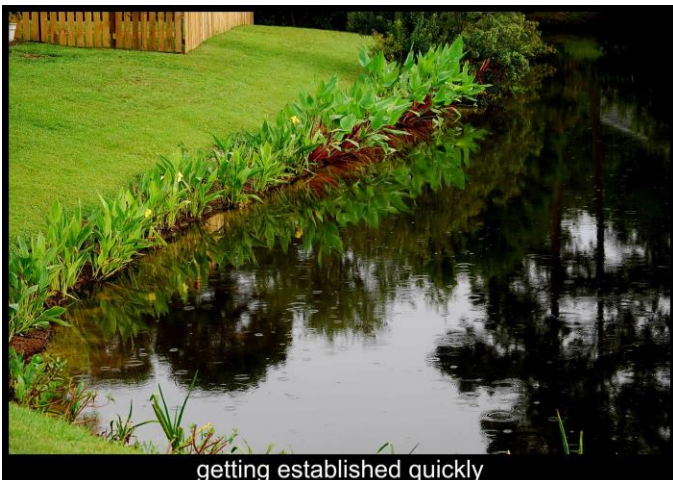

Dealer Price

\$242.00

Installed Price

\$319.00

Specifications: 3' wide x 15' long
Plants are grown on 1' centers
Each plant used is a 4" (quart)
